

TOWN OF JAMESTOWN
TREE PRESERVATION AND PROTECTION COMMITTEE
*Terms and Conditions Permit for the Trimming and Maintenance of
Trees Located on Public (Town) Property*

Permit Number _____

This Permit Is Issued And Accepted On The Following Conditions:

1. Applicant shall abide by all applicable specifications contained herein, including statutes, ordinances and rules of the Town of Jamestown. Prior to the start of work applicant shall submit
to the Tree Warden, copies of all other Town and State permits required for the work site(s).
2. Tree Warden or Public Safety Director can revoke the permit at any time without notice.
3. Applicant shall indemnify and hold harmless the Town of Jamestown and its agents for any damages applicant may sustain or be required to pay because of any act or omission of applicant or agent, related in any way to the work authorized by this permit, or because of the violation of any specification herein.
4. Applicant shall provide and maintain a safe and convenient way for pedestrian and vehicular traffic.
5. Applicant shall remove all debris generated from the work site at the end of each workday. Disposal of wood or other debris is the responsibility of the applicant.
6. The applicant shall notify the Tree Warden of any changes to the permit, before changes are made, by phone at 423-7220. Failure to notify the Tree Warden shall result in the revocation of the permit. (If for excavation, 7 & 8 shall apply).
7. Applicant and or it's contractor agrees to **tunnel under all structural support roots** greater than 3" in diameter by hand digging beginning at the drip line of impacted trees. Trees deemed by the Tree Warden to be a public hazard or nonviable because of activity related to this permit will be **replaced at the applicant's expense** based on the Council of Tree & Landscape Appraisers formulas.
8. Applicant or it's contractor shall make all efforts possible to prevent damage to existing trees. Contractor shall make efforts to avoid compacting soil in the root zone, mechanically impacting trunks/branches or by storing material in their vicinity, all of which are detrimental to
the tree health.
9. The applicant as specified by the Tree Warden shall restore all impacted turf to its original condition. **Impacted areas will be seeded** using material and methods specified by the Tree Warden.
