Subject: Summer in Jamestown

My husband and I had the pleasure of staying at the Fort Getty Campground in Jamestown for the first time this past summer. While we have lived in Rhode Island for more than 30 years, it is embarrassing to say that neither of us has taken any time in the past to explore the town. We have simply passed through.

However, the camping experience this past summer allowed us the opportunity to discover the many places Jamestown offers to explore and enjoy. We made multiple trips to Fort Wetherill and Beaver Tail State Parks. We enjoyed ice cream and meals downtown and at the dock. We invited friends to join us who also had never explored Jamestown.

For just the two of us, we spent over \$1200 on the Island in the 4 months we were there. We bought gas and coffee at the Cumberland Farms and purchased groceries at McQuade's store. We ate at local restaurants and even needed utilized the services of Art's Automotive.

As you review future plans for the campground, we wanted to provide information on the specific economic impact from just one camp site. We thought a personal account might be helpful. We look forward to being a part of Jamestown again next summer.

If we can provide any additional information, please do not hesitate to contact us by email or at 401-480-0713. Thank you.

Janis and Alan Loiselle
