Jamie A. Hainsworth
Town Administrator

MEMORANDUM TO: Honorable Town Council
FROM: Town Administrator, Jamie A. Hainsworth
DATE: November 10, 2020
SUBJECT: Report for Town Council Meeting November 16, 2020

Authorize Town Administrator to sign the agreement with Rhode Island Slave History Medallions, Consent Agenda: Upon receipt of a generous donation of \$2500.00 donation from Ms. Karen Gray of Jamestown to be used for the costs associated with the R.I. Slave History Medallion. Currently and pending Covid status, a **dedication is scheduled for Saturday December 12th at 1:00 p.m.** The Town Council had agreed the first medallion would be at the East Ferry location. Charles Roberts, Ex. Director of the RISHM organization has worked in conjunction with Rosemary Enright of the Jamestown Historical Society on this project to accurately record the written history of Jamestown and its relationship to slavery. This writing will be included on the Medallions QR code for the public to retrieve the information. Charles has also requested a Council member to say a few words.

The Town Council has previously approved two other locations when funding is available for the additional medallions, one at the Jamestown Historical Museum and the other at the corner of High and Walcott in the triangle.

Recommendation for appointment of Jamestown Harbor Master, Consent Agenda: Chief of Police Ed Mello has overseen the process of finding a qualified person to replace our current Harbor Master Mark Campbell. After serving in that capacity for five years, Mark has decided this will be his last season. Chief Mello has **recommended Mr. Glenn Skalubinski** to replace Mr. Campbell. During my previous career in law enforcement I had the pleasure of working with Glenn Skalubinski, in his capacity as a police officer with the State of Rhode Island, he was always professional, courteous and has a good personality. I did interview Glenn with the Chief; I also approve and recommend the appointment.

Water Use Restrictions Status of Reservoir, F.Y.I. No Action: Good news it seems we have turned the corner on improving the water level in the north reservoir. We have

recorded 4.29 inches of rainfall in the month of October that was above the normal average of 3.0 inches which resulted in a rise of 5.0 inches in the reservoir. Water usage restrictions were extended on September 21st, those will restrictions will continue until further improvements with notice.

New Executive Director Jamestown Chamber of Commerce, F.Y.I. No Action:

Michaela Cahoon, began as the new Executive Director of the Jamestown Chamber of Commerce on November 6th. She is replacing Liz Sandler who worked very hard and did a great job especially during these Covid-19 months, keeping all of her members updated on precautions, restrictions and trying to help them through the economic struggles. Liz is staying on through to the month of November to support the transition. The Chamber has also appointed Joan Goldstein as the “Village liaison to the Town”.

V. PUBLIC HEARINGS, LICENSES AND PERMITS

The Town Council will review each license application and vote on it individually. All approvals for licenses and permits are subject to the resolution of debts, taxes and appropriate signatures as well as, when applicable, proof of insurance. Please Note in Accordance with Section 42-46-6 (b) the Council May Review, Discuss and/or take Action and/or Vote on the following items:

Councilor Beye recused herself from the Public Hearings as she is waiting to hear from the Ethics Commission with regards to the Noise Ordinance

A) Public Hearings:

- 1) Review, Discussion and Possible Action on Proposed Amendments to the Code of Ordinances, Article III- Noise Ordinance; Sections 22-63C through Section 22-71. These Amendments are proposed to update and modernize the existing Noise Ordinance (Public Hearing Continued from August 17, 2020 & September 21, 2020) with discussion of potential advertisement and scheduling of a Public Hearing on November 2, 2020 at 6:30 pm for a future date.

Councilor White stated that Chief Mello had integrated many of the items that had been discussed in the last workshop. After reviewing the noise ordinance, he feels it is much stronger than it was previously. For consideration a few items that might need to be clarified;

- Sec 22-61- Statement of Public Policy to include the word adversely. The town council finds and declares that extreme and excessive noise *adversely* affect the health, safety and welfare of its residents and citizens.
- Sec 22-63 Definitions EXTERIOR GENERATOR Gas, propane or diesel-powered engine designed to generate electricity outside the confines of a building; under Sec 22-65 – Prohibited noises (J) The operation of an *external* generator...should be replaced with *exterior* to be consistent
- Under Sec 22-63 Definitions ZONING DISTRICTS Those districts established by and defined in Chapter 82, Zoning, of the Code of the Town of Jamestown; Sec 22-68 Sound Levels by receiving land use; Table 1 Zoning Category should be replaced with *district*

Discussion ensued

Vice President Meagher would like language that would include licensed child care facilities to be included

Chief Mello stated Sec 22-66 Permitted activities and hours, G. Town-permitted activities: (2) It reads, Any athletic event or recreational activity which is conducted by any child care facility which is properly licensed by the RI Dept. of Education and sponsored or funded in part by any elementary or secondary school or the Town of Jamestown on property owned and controlled by the Town of Jamestown

Solicitor Ruggerio urged the Council to re advertise for a Public Hearing after they have made their final edits.

A motion was made by Councilor White with second by Vice President Meagher to accept Councilor White's suggested changes; add the word adversely, to comport external generators with exterior generators, and that zoning category be called zoning district. Also approve the changes to G (2) to include Licensed Day Care facilities and to advertise Vote: President White White, Aye, Aye; Vice President Meagher, Aye; Councilor Piva, Aye;

A motion was made by Councilor Piva with second by Councilor White to continue the Public Hearing on the Proposed Amendments to the Code of Ordinances, Article III – Noise Ordinance; Sections 22-63C through Section 22-71., until November 2, 2020 Vote:

President White, Aye; Vice President Meagher, Aye; Councilor Piva, Aye; Councilor, White, Aye

A motion was made by Councilor Piva with second by Councilor White to move from the Public Hearing Vote: President White, Aye; Vice President Meagher, Aye; Councilor Piva, Aye; Councilor, White, Aye

OLD BUSINESS

JTMB

Reading of the written decision with complete findings of fact.

A motion was made by Richard Boren and seconded by Terence Livingston to grant the request of JTMB Ventures Trust, whose property is located at 1046 East Shore Rd., and further identified as Assessor's Plat 1, Lot 296 for a variance from Article 3, Section 82-302, Table 3-2 & Article 6, Section 82-605 variances authorized by this ordinance to build a 2nd story addition above an existing structure that is over the 30' side yard setback line by 8'-10". The proposed 2nd story walls would align with the 1st floor exterior walls and the foundation of the existing structure with an additional 1'-0" soffit projection.

This Board has determined that this application does satisfy the requirements of ARTICLE 6, SECTION 600, SECTION 606, and SECTION 607, PARAGRAPH 2.

This Variance is granted with the following restriction/condition(s):

1. This project must be constructed in strict accordance with the site and building plans duly approved by this Board.
2. The project and granting of this application restricts the house to four bedrooms.

This motion is based on the following findings of fact:

1. Said property is located in a RR80 zone and contains 1.8 acres.
2. The existing structure is over the 30' side yard setback line by 8'10".
3. The proposed second story walls would align with the 1st floor exterior walls and the foundation of the existing structure.
4. Mindy Wachtenhein trustee of the JTMB Ventures Trust testified under oath.
5. Ms. Wachtenhein' s testimony was credible. (hereinafter referred to as ("MW"))
6. M. W testified and is found as a fact that the house at 1046 East Shore. Road, which was purchased a little over one year ago, needs substantial renovation.
7. The applicant intends to convert the home from a 5-bedroom home to a four-bedroom house; install an advanced treatment septic system; update all the mechanical systems; and to impact the environment as little as possible by using the existing footprint of the house.
8. The applicant seeks renovations that would provide each guest bedroom with its own bathroom and closet.
9. M. W testified and the Board finds as fact, that without the proposed second floor addition, as testified to, the bedrooms would not be able to accommodate separate bathrooms and closets.
10. One of the major reasons the applicant purchased the property was the existing garage on the basement level which would allow for the installation of an elevator which would enable M. W's husband, who is physically disabled, to access the kitchen and the second floor from the garage.
11. Steven Sullivan; a licensed architect in the State of RI testified on behalf of the applicant.
12. Mr. Sullivan (hereinafter, "S. S") was credible.
13. S. S designs single family homes and designed the JTMB home based on their desire to retain as much of the building footprint as possible.
14. One of the challenges for S. S was that the first-floor garage encroaches the side yard setback.
15. According to S. S one of the main goals of the applicant was to have the existing basement garage, kitchen, and existing master bedroom stacked vertically so that Mr. w, who is disabled, can access all 3 of those spaces.
16. The challenge, according to S. S, was to create a floor plan that was functional from an architectural standpoint, as well as vertically stacked and aligned.
17. S. S proposal is to add a second-floor addition that does not change the footprint at all. It would be exactly the same footprint.
18. The present footprint at its maximum protrusion into the 30-foot set back is 21'2" from the property boundary. However, the angle of protrusion into the setback diminishes from west to east.
19. Accordingly Exhibit Z-1.0 the protruding set back on the western edge of the house starts at 8'10" (30' less 21'2") and diminishes to 4'7".
20. In response to questioning whether the garage could be rebuilt so as to lie completely within the setbacks, S.S testified and this Board finds as fact, that to do so would require demolishing a substantial amount of concrete; would impact the design of the house by cutting off the front entry which presently exists; would be aesthetically unpleasant; and would require substantial structural work to support the second floor.
21. According to S. S, and the Board finds as fact, to add the bedrooms to the south side of the house, would compromise the goals, and would not be the least relief necessary.
22. As part of the proposed construction, an advanced treatment septic system approved by DEM would be installed.
23. Between the JTMB house and the house to the north (Toselli) there is a row of arborvitae and evergreen trees limiting the view between the 2 properties.

24. As part of the proposed design, a sunroom on the north will be removed and turned into a deck.
25. Richard and Carole Toselli; the abutters to the north testified partly in objection and partly seeking "to understand before we sort of agree to this variance".
26. In response to a question concerning the extent of demolition, S. S testified that the roofing will be demolished to make way for the second floor, the stone veneer will be replaced and reclad, new windows and new doors, but to maintain the existing structure as much as possible.
27. S. S testified and the Board finds as fact, that the existing garage walls would not be demolished as the walls will support the second floor__ this is selective demolition.
28. According to S. S the intent is to keep the footprint, keep the structure, maintain as much of the house as possible __ but the entire second floor and roofline is being taken off the house.
29. It would appear from the Tonelli's' questions, they are seeking clarification as to why given the amount of remodeling and demolition, the house is not being demolished and rebuilt within the setback.
30. In response, M. W testified they bought the house because they did not want to build a new home. They wanted to renovate an existing structure within the present footprint.
31. Carole Toselli testified that she thought this might be an opportunity to demolish the entire house and rebuild within the setback.
32. The Toselli's questioned and objected to the height of the addition.
33. S. S testified, and the Board finds as fact, that the garage is currently 18"6" and with the addition would be 26', with the rest of the house at 28', when 35' is allowed.
34. M. W testified that she believes that the proposed addition at its minimum will be approximately 50' from the Toselli house and at its maximum will be 60' from the Tonelli's house.
35. Based upon the above findings of fact, the hardship from which the applicant seeks relief is due to the unique characteristics of the structure and not the physical disability of the applicant (husband).
36. Based on the above findings of fact, the hardship is not the results of any prior action of the applicant and not the result primarily from the desire to realize greater financial gain.
37. Based upon the findings of fact, the granting of the requested variance will not alter the general character of the surrounding area or impair the purpose or intent of this ordinance.
38. Based on the findings of fact, the relief to be granted is the least relief necessary.
39. Based upon the finding of fact, the hardship that will be suffered if the dimensional variance is not granted amounts to more than a mere inconvenience.

The motion carried by a vote of 5 -0.

Richard Boren, Terence Livingston, Edward Gromada, Judith Bell, and Erik Brine voted in favor of the motion.

Dean Wagner and James King were not seated.

NEW BUSINESS

Bilodeau

A motion was made by Dean Wagner and seconded by Richard Boren to grant the request of Andrew Bilodeau, (Bartholomew S. & Marjorie Catanzaro, owners), whose property is located at Beach Ave & Riptide St., and further identified as Assessor's Plat 5, Lot 164 for a variance/special use permit from Article 3, Section 82-314 High Groundwater Ordinance Sub-District A and Section 82-302-2 Table 3-2 "Setbacks", Article 6, Section 82-601 Section "Special Use Permits" and Sections 82-605 & 82-606 to construct a single family dwelling with a front yard setback of 30' where 40' is required in a High Groundwater Sub-district A, and a secondary front setback of 10' where 30' is required (Riptide).

Regarding this request, this Board has determined that this application does satisfy the requirements of ARTICLE 6, SECTION 600

Regarding the request for a Variance, this Board has determined that this application does satisfy the requirements of ARTICLE 6, SECTION 606, PARAGRAPHS 1 through 4, and SECTION 607, PARAGRAPH 2.

Regarding the request for a Special Use Permit, this Board has determined that this application does satisfy the requirements of ARTICLE 6, SECTION 602.

This Variance is granted with the following restrictions:

1. This project must be constructed in strict accordance with the site and building plans duly approved by this Board.
2. The conditions of approval set forth in the June 10, 2020 Planning Memorandum is incorporated by reference in this decision.

This motion is based on the following findings of fact:

1. Said property is located in a R40 zone and contains 21,600 sq. ft.
2. The site was previously reviewed and approved under the high groundwater ordinance.
3. The lot has OWTS approval from the RI DEM.
4. There is a freshwater wetland swamp along the east side of the property.
5. The proposed impervious cover is 9.8%.
6. The applicant's expert, Richard Pastore testified credibly that based on the configuration of the lot and the existing wetlands there is no other place to put the house and this is the relief necessary.
7. The Town Engineer, Jean Lambert has noted that the proposal meets the requirements of the Zoning Ordinance.

8. The Planning Board unanimously recommended approval.
9. No one objected to the application.

The motion carried by a vote of 5 -0.

Richard Boren, Dean Wagner, Terence Livingston, Edward Gromada, and Judith Bell voted in favor of the motion.

Erik Brine and James King were not seated.

Please note: James King requested and left at 7:32 p.m. as they had a quorum.

Brine

A motion was made by Terence Livingston and seconded by Dean Wagner to continue the request of Erik G. Brine and Kerry E. Brine to the October 27, 2020 meeting.

The motion carried by a vote of 5 -0.

Richard Boren, Dean Wagner, Terence Livingston, Edward Gromada, and Judith Bell voted in favor of the motion.

Erik Brine was recused and James King was absent.

Collingsworth

A motion was made by Edward Gromada and seconded by Terence Livingston to grant the request of Breck Collingsworth on behalf of The Breck & Tracy Collingsworth Family LLC whose property is located at 196 Highland Dr., and further identified as Assessor's Plat 10, Lot 54 for a variance from Article 3, Section 82-302 Table 3-2, Dimensional Variance and Article 6, Section 82-605 variances authorized by this Ordinance. To allow an accessory structure in the front yard with a 1.6' setback where 40' is required. Accessory structure is a mail storage at the existing stone wall.

This Board has determined that this application does satisfy the requirements of ARTICLE 6, SECTION 600, SECTION 606, and SECTION 607, PARAGRAPH 2.

In particular reference to ARTICLE 6, SECTION 82-605.

This Variance is granted with the following conditions:

1. This project must be constructed in strict accordance with the site and building plans duly approved by this Board.
2. The Zoning Board of Review requires written documentation from Breck Collingsworth that Ms. Cummings does represent him in this matter

This motion is based on the following findings of fact:

1. Said property is located in a RR80 zone and contains 2.70 acres.
2. This matter was presented by Mary Cummings and Kirby Perkins a project manager for Kirby Perkins (contractor of the site).
3. The Zoning Board of Review requires written documentation from Breck Collingsworth that Ms. Cummings does represent him in this matter
4. The mail house is built within the confines of the currently built brick wall.

The motion carried by a vote of 5 -0.

Richard Boren, Dean Wagner, Terence Livingston, Edward Gromada, and Judith Bell voted in favor of the motion.

Erik Brine was not seated and James King was absent.

ADJOURNMENT

A motion was made and seconded to adjourn at 7:58 p.m.
The motion carried unanimously.

MEMORANDUM

TO: Jamie Hainsworth, Town Administrator
FROM: Chief Edward A. Mello
DATE: November 10, 2020
SUBJECT: Harbor Master

Jamie;

As you know, Mark Campbell has served as our harbormaster for five years and has notified me that this will be his last season. Mark has been a tremendous leader and asset to the harbor division. His integrity and professionalism have established a high bench mark for this important role within our community. The Harbor Master works very closely with Kim Devlin to not only manage more than 1100 moorings in our waters but also serves as an ambassador to the boating community.

We advertised for the position through the local Jamestown Press, the Town website, social media and various associations related to the field. We received twelve applications.

I tasked Mark with screening these applicants and providing me a short list of candidates. Mark worked with the two other professionals to screen and interview candidates and provided me with their recommendation. This was followed by my interview of candidates.

I recommend Glenn Skalubinski to be appointed per Jamestown Ordinance 78-29;

"Harbor administrative staff. The harbor administrative staff shall consist of a harbormaster, a harbor clerk, and additional personnel as needed who are hired on approval of the town council by the town administrator."

Glenn has vast experience, which I believe will serve him and our community very well in this position. His experience includes:

Four (4) years of service in the United State Coast Guard

Twenty-two (22) years of service in the Rhode Island State Police, where he commanded the marine patrol and dive team before retiring as a lieutenant

Eleven (11) years of service with Citizens Bank serving as Vice President and Incident Manager

Five (5) years as a tugboat captain working on such projects as Block Island Wind Farm

Rhode Island Slave History Medallions

JAMESTOWN, Rhode Island

October 27, 2020

Memorandum of Agreement Between Rhode Island Slave History Medallions and the Town of Jamestown.

This Agreement is entered into between Rhode Island Slave History Medallions (“RISHM”), a Rhode Island 501(c)(3) non-profit corporation and the (“Town of Jamestown”).

WHEREAS, RISHM has a strategic vision to place at least one of its Medallions on an historically important site in each of the 25 cities and towns within the state of Rhode Island that existed during Rhode Island’s slave period;

WHEREAS, RISHM and the Town of Jamestown wish to place three Medallions in the Town of Jamestown, one at the East Ferry Wharf at the end of Narraganset Avenue and Connecticut St, one for the Jamestown Historic Society, 92 Narraganset Avenue, and one at a small park at High and Walcott representing James Howland (1759–1859), all of which have been voted on and approved by the Jamestown Town Council on August 17, 2020;

NOW, THEREFORE, the Parties have reached the following agreement:

1. The Town of Jamestown Obligations.

1. Payment of Twenty-five Hundred Dollars (\$2500) to RISHM as the contribution toward expenses for the placement of its first Medallion; installation of the Medallion on the East Ferry Wharf, at the end of Narragansett Ave in a place visible to the public on or about the date of Saturday December 12, 2020; and
2. The Jamestown Historical Society will provide the written material concerning the slave related historical significance of the Town of Jamestown’s East Ferry site location for publication on RISHM’s website accessible through the QR code embedded in the medallion, social media platforms, and any other printed material RISHM reasonably deems appropriate in furtherance of its mission.

2. RISHM Obligations.

1. Manufacture and provision of an official bronze RISHM Medallion with an embedded QR code; and
2. Collaboration with the Town of Jamestown on the preparation of written material concerning the slave related historical significance of the East Ferry Wharf location, including but not limited to publication on RISHM’s website, social media platforms, and printed material on a work for hire basis providing RISHM with the right to reproduce said content for marketing and advertising purposes.

3. Payment Terms.

1. Upon execution of this Agreement, the Town of Jamestown shall provide an initial payment in the amount of Five Hundred Dollars (\$500).
2. Upon delivery of the Medallion, the Town of Jamestown shall make the final payment of the remaining balance of Two Thousand Dollars (\$2000) within ten days of the installation.

4. Period of Performance.

1. The performance period will start when the Town of Jamestown provides the Five Hundred Dollar initial payment.
2. RISHM shall deliver and install the Medallion to the Town of Jamestown after receipt of the initial payment on December 9, 2020
3. The parties shall use their best efforts to complete the preparation of written material concerning the slave related historical significance of the Town of Jamestown site for inclusion on RISHM's web-site by the time the Medallion is ready to be installed.
4. Performance Period ends when the Medallion has been installed and the website content about the site has been published on RISHM's website page.

5. Promotional Materials:

1. It is contemplated that RISHM will produce promotional materials from time to time about slave related historical sites in Rhode Island. The Town of Jamestown hereby authorizes RISHM to include information about the Town of Jamestown in such promotional materials.

6. Approvals:

1. Any third-party approvals that will be required for the acquisition and installation of a Medallion shall be deemed the responsibility of the Town of Jamestown unless they are expressly the obligation of RISHM according to the approving authority.

7. Future Medallions

1. In 2021, RISHM and the Town of Jamestown mutually agrees to place Medallions at the Jamestown Historical Society with a final medallion to be installed at a small park at High and Willow Street at dates mutually agreed upon by RISHM and the Town of Jamestown when funding becomes available.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective duly authorized officers or representatives the day and year written below:

Subject: Revised Dog Leashing Law

To Whom it May Concern:

This is my third letter addressing the issue of implementing a 24/7 leashing law in the town of Jamestown. I have some additional points to address.

In reviewing the police report that was filed after I reported being attacked by three large loose dogs on October 18, 2020, the owner claimed that all three dogs were wearing e-collars. In my second letter, I addressed the subject of why e-collars are NOT an effective restraint for a dog. The e-collars these dogs were wearing were certainly not effective in that situation because all three dogs bolted like lightning out of the yard, crossing the street to the side I was walking on with my dog and surrounded us. In addition, the owner insisted that all three dogs were 'friendly'. Knowing what I do about dog behavior, these three dogs were acting as a pack in prey mode, surrounding me and my dog, and then jumping up on me and my dog and growling. I would hardly call this 'friendly'. They were aggressive.

After the six attacks I have had on my person and my dog while walking on public sidewalks, I no longer feel safe. Therefore, whenever I am out for a walk with my dog I have to ensure that I am properly 'armed'. This means I have to carry my cell phone with me in case I need to call the police and I buckle onto my belt a bottle of 'Halt Dog Repellent Spray', which is something frequently used by postmen and delivery personnel. The product is non-toxic to humans and animals, but it is an irritant. It contains 0.35% capsaicin which is an active component of chili peppers. I tested it out in an open field with no one around and it can spray a distance of at least fifteen feet. I also carry with me a loud whistle device. It is unfortunate that I have to go out equipped with all these devices, but I need to protect myself and my dog from further occurrences. I also have a mental list of all the public streets to avoid walking down where previous incidents have occurred because I never want to put myself and my dog in a compromising situation.

Another additional point I would like to make is that in speaking to various people I have found most people to be strongly in favor of a 24/7 leashing law. However, I have encountered people (who are unbelievably dog owners themselves) who have outright told me they 'didn't believe in such an ordinance' and think that it is their right to walk or run dogs off lead. I find this very surprising and disturbing. What is there not to believe in? Are these people so narcissistic and self-absorbed that they have no concern for public safety? Do they consider themselves above the law?

I would also like to add that since I live in a complex mostly composed of senior citizens, within the last month I have witnessed two people who were impaired (one using a cane and another using a walker) who were harassed by loose dogs. This should never be. An elderly person is at more serious risk of a dangerous fall.

In addition, with the return to EST, it now gets dark very early. Since I regularly walk my dog three times daily, I now have to walk twice in the dark. She wears a lighted blinking collar, while I wear a hat equipped with a blinking light and carry a torchlight. However, night time dog walks present more danger to owners and dogs because it is harder to see any approaching loose dogs. Therefore, I never take my dog on long walks on public sidewalks during the dark hours, but stay close within the confines of the complex where I live.

In conclusion, I would like to stress that a 24/7 hour dog leashing law would protect all citizens of Jamestown. It is a serious public safety concern and should be addressed immediately.

Respectfully Submitted,

Wendy Shapiro
