

## Office of the Selectmen

54 South Avenue  
Whitman, Massachusetts 02382-0426

---

Lisa M. Green, Esq., Assistant Town Administrator

Date: May 13, 2019

To whom that may concern:

I am writing this letter to highly recommend the services of LightSmart Energy Consulting. During the past eight months the Town of Whitman has been working with George and Brian Woodbury on our Streetlight purchase and LED conversion project. The Woodbury team has been a wealth of knowledge and great help to us as during the entire process. They assist with the grant applications and final grant documents and are always responsive. The Town is very happy with the end result and our LED streetlights look great.

Please feel free to contact me with any questions.

Sincerely,
