Dear Mr. Boren, Jamestown Zoning Board of Review Chairman,

I have 3 items of information below regarding your ZBR meeting on 6/22/21.

- 1) I have received a request from Christian Infantolino, who represents Conanicut Marine Services (CMS) 260 Conanicus Avenue. He is requesting a continuation to July 27, 2021, due to not being able to obtain conditional approval from the Planning Commission for the proposed subdivision before your hearing.
- 2) I have received a request from Christian Infantolino, who represents James and Amber King. He is requesting a continuation to the July 27, 2021, due to not being able to get Ethics Commission approval or findings until 6/29/21.
- 3) I have a request From Peter Gaynor to withdraw his May application for a variance without prejudice. He will submit a new application for a somewhat different variance and has hired Counsel to represent him. He intends on getting that application in for the July 27 meeting.

Item A on old business for the Clancy decision is still on schedule.

Respectfully,

William L Moore, Building Official and Zoning Enforcement Officer
