Description:

This ROW is located in the Jamestown Shores neighborhood, between 529 Seaside Drive (to the north) and 517 Seaside Drive (to the south). Access to the shoreline runs westerly from Seaside Drive. The ROW consists of a grass path with minimal slope to a drainage outfall pipe with rip-rap cobble beach. The abutters maintain this ROW.

Recommendation from 1999 Report:

Due to the close proximity of neighbors, limited shoreline access, lack of parking, and nearby accessibility of two large shoreline access areas with facilities (proposed Eldred Avenue and Jamestown Shores Beach) this potential right-of-way is given a priority rating of 3.
