COMMUNITY ENGAGEMENT WORKSHOP

photo by Joseph Kolb

Join the URI Dept. of Landscape Architecture & Ocean Engineering capstone classes to gather community input on sustainable design solutions for coastal storm-damaged Mackerel Cove Beach and adjacent Sheffield Cove waterfront. Explore coastal resilient interventions to confront climate change and help shape the future of the community. We look forward to your valuable input!

Date: Thursday, February 20

Location: Jamestown Town Hall

Time: 6:00 PM - 8:00 PM

Food served at 6:00-6:30 PM (door opens at 6:00)

Presentation at 6:30 PM (prompt)

RSVP: <https://forms.gle/7zrTm8EFMpj4kz4W7>
